

## Declaration of Value / Policy form

We are happy to service your area rug. However, we do ask you to declare the value of the items being cleaned before any service is completed.

The cost of the cleaning will be determined one of two ways. Normally, we will arrive at the price of the cleaning either by multiplying the square footage (length x width) times the price per square foot of \$1.25. However, if 10% of the stated value of the item being cleaned is greater than this, the price will be 10% of the stated value.

Your rug will be completed and ready for pick-up in 10–14 days, and we will call you when the rug is ready. **However, if you do not pick up your rug in a timely manner, we will charge a \$1.00 per day storage fee beginning after 30 days from the date you are called informing you of your rug being ready. If the rug is still not picked up after 90 days have elapsed, you hereby authorize our company to either sell or dispose of your rug as we see fit.**
