

## NEW IMPROVED

Provides a barrier to dry soil and spills of water- and oil-based materials for rugs, carpets, upholstery and drapes. Makes recleaning easier, lengthens the life of the fibers and reduces the severity of spills and stains.

Because the formula is solvent-based (no water), it does not increase drying time nor does it increase the chances of dye bleeding or browning. Non-silicone: Can be used on most stain-resist carpets.

NET CONTENTS: 1 gallon  
FOR PROFESSIONAL USE ONLY  
NOT FOR RETAIL SALE

### STA-CLENE® Formula 940

**Carpet and  
Fabric  
Protector**  
with improved oil &  
water repellency

Bane-Clene® Systems  
Indianapolis, Indiana

All Rights Reserved

### DIRECTIONS FOR USE

1. Ready-to-use.
2. Always pretest for color stability.
3. Apply in a fine mist using a stainless steel pressure sprayer. Do not aerosolize.
4. Treated surface should appear moist and glisten slightly to be sure enough product has been applied. Never overapply.
5. Coverage on rugs and carpet: 800 to 1,200 sq. ft. per gallon. Density, depth of pile and fiber content determine coverage. Coverage on upholstery: 90-120 sq. yards per gallon.
6. Reapply whenever the carpet, rug or furniture is cleaned in order to maintain maximum effectiveness.
7. Always clean pressure sprayer daily.

### CAUTIONS:

Use only in open, well-ventilated areas. Keep vapors from extreme heat or open flame. Avoid prolonged contact with skin. Remove any pets and small children from area until surface is dry. See Material Safety Data Sheet.

Any liability is limited to the  
purchase price of this product.  
**KEEP OUT OF REACH  
OF CHILDREN**
